

AAA Northern California, Nevada, and Utah Internship – Actuarial Analyst

Founded over 100 years ago, AAA Northern California, Nevada, and Utah has maintained a long-standing commitment to the changing needs of the communities and individuals we serve. We employ more than 6,000 employees who provide a wide range of products and services in four major lines of business: insurance, travel, membership, and auto services.

Value Proposition

As an intern, you will work closely with actuaries to understand, quantify, and communicate the issues arising from the complex insurance marketplace. You will get hands-on experience and a close look at the actuarial profession.

Desired Majors

Actuarial Science, Statistics, Applied Mathematics, Economics, Finance

Required Course Work

Calculus, Linear Algebra, Probability/Statistics

Desired Technical Skills

MS Office (Excel, Word, PowerPoint) and SAS (other programming experience will be considered)

Class Year Preferred / GPA

College Sophomore or Junior / 3.0

Responsibilities

Assist with insurance rating plans for new and existing states. The intern will assist research that will involve collecting data, conducting an analysis, and presenting a summary of findings.

Qualities or Characteristics

Strong communication skills, desire to contribute to the success of the Product & Pricing Analysis Team and the willingness to apply learned information to business situations.

Location

Walnut Creek, CA

If you would like to be considered for an Actuarial Internship, please submit your resume to Anna Montenegro at anna.montenegro@goAAA.com by Friday, February 26th
