LECTURE NOTES IN LOGIC

The ASL is committed to keeping all books in the series in print, and is continuing the *Lecture Notes in Logic* under a co-publishing agreement with A K Peters, Ltd.

In early 2000, *Lecture Notes in Logic*, 13, will be available:

Logic Colloquium '98; Proceedings of the Annual European Summer Meeting of the Association for Symbolic Logic, held in Prague, Czech Republic, August 9–15, 1998. Eds. S. R. Buss, P. Hájek and P. Pudlák. (2000, 541 pp.)

Current information about the *Lecture Notes in Logic* series may be found at the ASL Web site: `http://www.aslonline.org`.

As a service to the logic community, the existing stock of previous books in the series (until 1999 published in cooperation with Springer-Verlag) is being made available by the ASL at a price that covers only the costs of shipping, administration, handling, and postage. This price will apply as long as the existing stock lasts. The charge for each book is $20.00 (the discounted price for individual ASL members is $15.00); it covers all shipping and handling costs. Payment should be by Visa or MasterCard credit card or by check in US dollars. Orders should be sent to: ASL Business Office, 1409 West Green Street, Urbana, Illinois 61801 USA; email: `asl@math.uiuc.edu`. Shipment will be by ordinary mail (surface mail to overseas addresses). All books are softcover.

The books covered by this announcement are as follows:

1. *Recursion theory.* J. R. Shoenfield. (1993, 84 pp.)

2. (Temporarily out of print.) *Logic Colloquium '90; ASL Summer Meeting in Helsinki.* Eds. J. Oikkonen and J. Väänänen. (1993, 305 pp.)

3. *Fine structure and iteration trees.* W. Mitchell and J. Steel. (1994, 130 pp.)

4. *Descriptive set theory and forcing: how to prove theorems about Borel sets the hard way.* A. W. Miller. (1995, 130 pp.)

5. *Model theory of fields.* D. Marker, M. Messmer, and A. Pillay. (1996, 154 pp.)

6. *Gödel '96; Logical foundations of mathematics, computer science and physics; Kurt Gödel's legacy. Brno, Czech Republic, August 1996, Proceedings.* Ed. P. Hajek. (1996, 322 pp.)
