

Announcements for Midterm Exam

The midterm will be **Friday, May 2**, as previously announced, in our usual lecture room.

Conditions:

50 minutes long, 50 points

Closed book.

Calculators permitted, but for answers involving π , $\sqrt{3}$, etc., please leave them in symbolic form.

Format of exam:

Five problems, each for 10 points. One will consist of several short-answer parts. No bluebooks needed.

Coverage:

Lectures through Monday, April 28.

Homework through Assignment #4.

Material from text and handouts: All topics mentioned in lectures and homework problems. (Material that was only in reading assignments, as in “look through Chapter . . . ”, will not be covered.)

Review:

In class as part of lecture on Wednesday, April 30.

Extra Office Hour: Thursday, May 1, 2:30-3:30.
