

Curriculum vitae (March 2007)

Name: Roberto H. Schonmann

Birth: August 08, 1958. São Paulo, Brazil.

Nationalities: Brazil and U.S.A.

Education:

- 1982-1984 PhD degree (June, 1984).
Mathematics and Statistics Institute of the University of São Paulo (Brazil).
- 1980-1982 Masters degree (March, 1982).
Physics Institute of the University of São Paulo (Brazil).
- 1976-1979 Undergraduate course in Physics.
Physics Institute of the University of São Paulo (Brazil).

Post-Doctoral Positions:

- Academic year 1985/1986.
Mathematics Department, Rutgers University (NJ, USA).
- Academic years 1986/1987 and 1987/1988.
Mathematical Sciences Institute, Cornell University (NY, USA).

Employment:

Full Professor of the Mathematics Department of the University of California at Los Angeles. Since July 1992. Graduate Vice-Chair of this department from July 1997 to June 1999.

Associate Professor of the Mathematics Department of the University of California at Los Angeles. July 1990 – June 1992.

Faculty member of the Mathematics and Statistics Institute of the University of São Paulo (Brazil). March 1982 – July 1994 (on leave of absence from September 1985 to June 1988 and from July 1990 to July 1994).

Honors:

- Elected fellow of the Institute for Mathematical Statistics (1996).
- Invited to give a 45 minute talk at the International Congress of Mathematicians (Section on Mathematical Physics) in August 1998, in Berlin, Germany.
- Fellow of the John Simon Guggenheim Memorial Foundation (1999/2000).

PhD Students:

- Eduardo Jordão Neves. PhD degree, São Paulo University. June 1990.
- Pouria Dehghanpour. PhD degree, UCLA. May 1997.
- Marcia Salzano. PhD degree, UCLA. April 2000.

Editorial Activity:

- Associate editor of the Brazilian Journal of Probability and Statistics (REBRAPE). January 1989 – December 1994.
- Associate editor of The Journal of Theoretical Probability. July 1992 – June 1995.
- Associate editor of Stochastic Processes and their Applications. May 1993 – May 2006.
- Associate editor of the Journal of Statistical Physics. January 1994 – December 1996.
- Associate editor of The Annals of Probability. January 1994 – March 2000.
- Associate editor of The Annals of Applied Probability. January 1997 – December 2002.
