• No electronic devices or notes are allowed.
• Bring Student ID and pencils and/or pens.
• Know your Section Letter (A or B)
• The format of the midterm is similar to that of the practice exam.
• Material for the second midterm cover material after that of the first midterm (except that there could be a problem from 5.2).
• The first problem with several parts is T/F testing on historical/factual material. Historical material is taken from sections 4.5, 5.7, 6.8, 7.7, 9.7.
• There are 3 problems (possibly with several parts) of roughly the same difficulty as homework problems that will test material presented in lectures and/or occurring in the homework or text from those parts of Chapters 4, 5, 6, 7, 9 from which HW was assigned. You are responsible for understanding all assigned HW problems.
