5a) You take me for a fool and you are not a fool.

2) Either he didn't walk into my office
   or he didn't tell me a pack of lies
   or he didn't punch me in the nose
   (at least one of these must occur)

C) You are right and (yet) I am (also) right

4) \neg (P \implies Q) \iff \neg (P \implies (Q \implies P))
   \iff (P \implies \neg Q) \iff (Q \implies \neg P).
   \iff (P \implies \neg Q) \iff (Q \implies \neg P)

(Either) you are right and I am right

or you are wrong and I am wrong
