

2014 UCLA-PKU JRI SUMMER RESEARCH PROGRAM AT PEKING UNIVERSITY

"I was wondering if I should have decided to pursue an internship instead, but I know now that nothing can replace what I have learned and experienced through the JRI program." – Ian '12

UCLA **undergraduate** and **graduate** students in sciences and engineering are eligible for **fellowships** from [PKU-UCLA Joint Research Institute in Science and Engineering \(JRI\)](http://www.pku-jri.ucla.edu) to spend the **10 weeks** summer doing **research** at Peking University in **Beijing**, China!

Scholarships include \$1,000 for airfare and stipends for housing, meals and transportation.

Visit www.pku-jri.ucla.edu/education for details and to [apply!](#)

Application deadline: February 21, 2014

This program was a rare chance for me to not only gain practical research experience, but also experience a culture through immersion. JRI does an excellent job of balancing these two objectives. – Scarlett '13

It helped me develop research skills and see from a global perspective. It gave me the opportunity to travel abroad for the first time and meet and work with so many great people. – Eva '13

I learned so much about my field from a different perspective... The JRI program has opened up many doors for my graduate studies, including future collaborations and production of papers. – Helen '12
