* There are **no "positions"** on this list. If a student with higher priority suddenly requests the class, we will enroll the student if there is room.

** We will **only contact** students if their priority comes up when someone drops.

** "Open" means students can enroll themselves in the class if they meet the course prerequisites. If they do not, please ask the instructor permission to enroll into the class. Forward that email to ugrad@math.ucla.edu with your name, student ID number and request and we will manually enroll you if there is still room.

*** We will not increase enrollment if other lectures of the same class are open.
