Beam is a late-stage IOT insurtech startup having raised $168.4 million in venture funding to date. As the fastest growing dental benefits company in the world, Beam is quickly expanding to other employer benefits such as vision, life & disability, as well as other markets in dental. Beam's actuarial department focuses most of its efforts in research & development. This includes (but is not limited to) automation of underwriting processes and merging modern machine learning techniques with traditional actuarial approaches.

Beam's HQ in Columbus, OH, but we are now a remote first company so you can work anywhere within the US. Most of our actuarial team is based in CA at the moment.

Both internships and full-time applications are available from now until the end of year. They will be filled on a first serve first come basis. Please email your resume to steven.lei@beam.dental along with which position (internship/full-time) to get started!

At WTW, we provide data-driven, insight-led solutions in the areas of people, risk and capital that make your organization more resilient, motivate your workforce, and maximize performance. We work shoulder to shoulder with you, bringing diverse points of view and a deep commitment to your success.

Even though only our Irvine and LA offices are represented at the Career Fair, all our offices nationwide are recruiting interns and entry-level actuaries.

Students can apply directly to the WTW careers site at https://careers/wtwco.com. By using the keyword search feature and typing in either “Intern” or “Early Careers,” students will be able to search for all early career related opportunities.
Aon plc (NYSE: AON) exists to shape decisions for the better — to protect and enrich the lives of people around the world. Our colleagues provide our clients in over 120 countries with advice and solutions that give them the clarity and confidence to make better decisions to protect and grow their business.

Annual Recruiting Schedule: We focus our campus recruiting effort in the fall quarter, from September to November.

Office Locations: Although we represent the Southern California offices in Irvine and Los Angeles; our firm is recruiting for actuarial talent nationwide.

As the employer of choice for insurance professionals, our mission is to be the most valued carrier for independent agents and policyholders through an unwavering commitment to extraordinary service, innovative products, and risk management solutions.

Applications are open year round.

Reno, NV | Home base for Actuarial and Analytics
Also have offices in Monterey, Roseville, and Bakersfield, CA

“Better. Together.” is our motto, and it means that by working together, we can make things better — for our members and community. As a public agency, CalOptima was founded by the community as a County Organized Health System that offers health insurance programs for low-income children, adults, seniors and people with disabilities.

We are solely based off Orange County. Located in the city of Orange. Our positions range from entry-level and above.
We help employers of all sizes with administering their health and benefits programs for employees. Actuaries specifically are more focused on the financial side – including pricing, reserving, and ensuring plans are compliant with regulations.

Positions are open right now:

Represents the LA office.

Rael & Letson was established in 1963 for the purpose of providing actuarial and consulting services to both retirement (defined benefit/defined contribution) and health and welfare benefit plans. We also have a dedicated team that performs Other Postemployment Benefit (OPEB) valuations for our clients, which is somewhat unique in the industry. Our primary focus is, and has always been, consulting to multiemployer, Taft-Hartley plans. Nearly 80% of the plans that we consult are multiemployer funds. For more information about our firm, please visit our website at www.rael-letson.com.

Annual Recruiting Schedule: We don’t have a recruiting schedule – we recruit and hire as needed.

Office Locations: (Additionally, which other offices are recruiting interns and entry-level actuaries?) Three attending the career fair are from the San Diego office and one is working remotely from the LA area. We also have offices in San Mateo, CA, Seattle, WA and Honolulu, HI.

Additional Information (Anything else you would like applicants to know! For example, where can members apply?) Members can apply on our website (www.rael-letson.com). In addition, if a resume is provided at the career fair, we may reach out directly when we have future openings.

Independent for over 70 years, Milliman delivers market-leading services and solutions to clients worldwide. Today, we are helping companies take on some of the world’s most critical and complex issues, including
retirement funding and healthcare financing, risk management and regulatory compliance, data analytics and business transformation.

Through a team of professionals ranging from actuaries to clinicians, technology specialists to plan administrators, we offer unparalleled expertise in employee benefits, investment consulting, healthcare, life insurance and financial services, and property and casualty insurance.

Annual Recruiting Schedule: Milliman's San Diego Office does not have a recruiting schedule. We are currently looking to hire a few actuarial analysts. The position is available as long as the job posting is still active.

Office Locations: San Diego Health Office

Additional Information: Candidates can apply at https://careers.milliman.com/

Looking to jumpstart your career at a company that offers real opportunities to flourish?

Look no further than Pacific Life. We're investing in bright, agile new talent with fresh perspectives to help us innovate and build meaningful relationships for years to come. It's in this spirit that we are currently recruiting Actuarial Interns to our team to start Summer 2023.

As an Actuarial Intern, you will play a key role in Pacific Life’s culture and goals. Interns will have the opportunity to spend their summer in Southern California or Omaha, Nebraska working at a Fortune 500 company in the financial services industry. Interns will be exposed to a diverse array of challenging actuarial projects and internship program activities.

Program highlights include:

- **Product Training:** You will be trained on Pacific Life’s Retirement Solutions and Life Insurance products to ensure you start your summer internship with a high-level understanding of what we offer to our customers.
- **Mentorship:** You will be assigned an Executive mentor who will meet with you to discuss their knowledge and experience and provide you with guidance on your internship and career path.
- **Hands-On Experience:** You will be participating in actuarial projects that will give you a true understanding of the
profession. The projects you will work on will contribute to your teams’ and company goals. Examples of projects include: Creating dashboards to visualize data, Automating processes and calculations, Rider Analysis, Cash Flow Analysis, and Creating tools for efficiency.

- Rotational Events: You will be invited to a series of interactive presentations in which key actuaries throughout the company will provide an overview of their department and job duties as well as their experiences as an actuary. This will include exposure to Modeling, Risk Management, Product Design, Pricing, Valuation, and more.

- Social Activities: Networking opportunities, Executive speaker series, community service events, and social outings.

Annual Recruiting Schedule: We would prefer candidates to apply to both our Handshake and PacificLife.com/Careers site - Apply Here!

Office Locations: Newport Beach CA, c, Omaha NE

Corebridge Financial (NYSE: CRBG) makes it possible for more people to take action in their financial lives. With more than $350 billion in assets under management and administration as of June 30, 2022, Corebridge is one of the largest providers of retirement solutions and insurance products in the United States. We proudly partner with financial professionals and institutions to help individuals plan, save for and achieve secure financial futures. Corebridge is comprised of four businesses: Individual Retirement, Retirement Services, Institutional Markets and Life Insurance, which includes AIG Life UK and laya healthcare.

Summer Internship Program Our summer interns are immersed in the day-to-day operations of a fast-moving company. You will gain valuable, hands-on experience and industry knowledge during the 10-week program. After an initial orientation and training, you will join one of our corporate functions or lines of business. You’ll work side-by-side with industry leaders on dynamic projects, with ample opportunity for challenges, learning and achievement. Upon finishing the program, you may be considered for a full-time role.

Analyst Program Analysts taking part in the two-year program receive unparalleled learning and development training, performance
assessments, mentoring, and exposure to senior leaders, all while building a network of colleagues around the world. This structured program offers you key insights about our industry, your role, your colleagues and yourself as a professional.

Office Locations: Woodland Hills, CA. Jersey City, NJ. Houston, TX

Hiring For: Full-Time and Internship, the applications are already open. Require at least one actuarial exam passed
https://corebridgefinancial.wd1.myworkdayjobs.com/early_careers

Centene Corporation is the largest Medicaid managed care organization in the country, providing our members access to affordable healthcare plans. Ranked No. 26 on the 2022 Fortune 500 list, our purpose of transforming the health of our communities is achieved through a commitment to local partnerships, which help us provide better health outcomes at lower costs. We offer options suited for each member’s unique healthcare needs, whether through government programs like Medicaid and Medicare, or through the Health Insurance Marketplace.

Applications for internships are accepted whenever roles are posted on our jobsite between August-April. If you are looking for a full-time position, please apply closer to your graduation date. If the position requires a bachelor’s degree prior to consideration, wait until that time or you will not be considered as meeting minimum requirements for the role.

We represent the Woodland Hills, CA office. Other offices that are recruiting: Chicago/Tampa/Clayton/various in Arizona/other TBDs/remote.

Our general job site can be found at the following link: www.jobs.centene.com

To search for internships and entry level roles, please navigate to the “Students & Grads” portion of the job site, found at: https://jobs.centene.com/us/en/students
We currently only have one posting available for applicants which is linked on the information sheet. Our normal recruiting deadline ended September 20th this year, and should stay fairly consistent for next year. Applications open in August for our fall recruiting season.

Elevance Health brings together the concepts of elevate and advance, exemplified by our bold purpose of improving the health of humanity. We are a health company dedicated to making real progress toward improving the health of the people and communities we serve. Elevance Health supports health at every life stage, offering health plans and clinical, behavioral, pharmacy, and complex-care solutions that promote whole health.

While we fill most of our entry-level positions in the fall, historically we have had additional positions become available throughout the year.
including in the spring. We strongly encourage graduating students and recent graduates to check out our career page (https://careers.elevancehealth.com/careers/) and search “actuarial” to see available positions!

We represent the Woodland Hills office, but we are flexible. Most Elevance Health actuaries have flexible arrangements, like office/home hybrid or fully remote, including the current openings we are promoting. Many of the local SoCal actuaries go into office once per week for some in-person time, but it’s strictly optional. Most of the NorCal or OC actuaries are fully remote.

We will start interviewing candidates in early/mid-October, with hopes of extending offers out by end of October. Send your resume directly to Alexa Chen (alexa.chen@elevancehealth.com) to communicate with the local office directly! Also apply via the link (Actuarial Analyst - Future Opportunities, 2023 (myworkdayjobs.com) or go to our career site and search for job code JR15552. Full-time candidates are required to have one exam passed at the time of application. Got no exams? Still come talk to us and say hi at the Career Fair! We want to get to know you. Apply as soon as you pass your first exam officially – but it’s always good to have a direct line of communication. Please note we are unable to provide visa support, unfortunately. We look forward to hearing from you!
Our office focuses on applying advanced actuarial techniques to develop innovative insurance products for traditional & start-up insurers, as well as the associated state regulatory rate filing support. We are thought leaders in climate change, artificial intelligence, telematics, and other leading-edge research. We work on some of today's most important insurance problems, including modernizing flood insurance and addressing the wildfire crisis in California. We also do traditional actuarial work such as ratemaking, reserving, predictive modeling & competitive analysis, plus a variety of special projects.

Office Location(s): San Francisco

Annual Recruiting Schedule: We periodically have postings on Milliman Careers website.

Hiring For: Summer Internship

Since 1955, Delta Dental of California has offered comprehensive, high quality oral health care coverage to millions of enrollees and built the strongest network of dental providers in the country. The Delta Dental of California network includes its affiliates, Delta Dental Insurance Company, Delta Dental of Pennsylvania and Delta Dental of New York, Inc., and provides dental benefits to nearly 37 million people across 15 states, the District of Columbia, Puerto Rico, and the Virgin Islands. All are members of the Delta Dental Plans Association, based in Oak Brook, Illinois, the not-for-profit national association that collectively delivers coverage to more Americans than any other dental insurance company.

Annual Recruiting Schedule (When should members look out for the application to be open?)
The recruiting for summer internship start around Feb-Mar. We do not have a fixed recruiting schedule for full-time positions.

Which offices do you and your colleagues represent? (Additionally, which other offices are recruiting interns and entry-level actuaries?)
Oakland/San Francisco office. We also recruit at our GA and PA location.
The US Life Practice of Oliver Wyman strives to be the consulting firm of choice for clients and employees and to be recognized as the premier life, annuity, and LTC actuarial consultancy by fostering the power of ideas to lead our industry, consistently helping clients achieve their strategic objectives, and gaining trusted advisor status. The practice seeks to inspire an entrepreneurial culture that fosters free-flowing ideas, values diversity, and allows for challenges to the status quo. Its colleagues are proud to perform exciting, diverse, and leading-edge work.

Annual Recruiting Schedule: Applications for Intern and Analyst positions are open now through November 23rd, noon PST

Office Locations: Firm reps are representing the Seattle office, although all offices are accepting applications

We are an actuarial and healthcare consulting firm specializing in cutting-edge predictive modeling, machine learning, and analytics. We use our skills and experience to help guide our clients to optimal decisions, interventions, and results by helping them understand, quantify, and address the unique challenges they face in healthcare. We focus on optimizing and quantifying healthcare intervention programs along with expertise in value-based care, and our work has been published in numerous leading academic journals.

We take applications year-round, and are always looking for smart, motivated people to join our mission of improving healthcare.

We represent the Sunnyvale, CA office.

You can apply by sending your resume and cover letter to career@sbaactuaries.com. We look forward to hearing from you!
At Liberty Mutual, we want to help you embrace today and confidently pursue tomorrow. That’s why our company culture supports and champions each employee—helping you turn your passion into a rewarding profession. From comprehensive health and benefits to professional development opportunities, you’ll have access to the resources you need to pursue a meaningful career in an environment focused on openness, inclusion, trust and respect.

As a Fortune 100 global leader in property and casualty insurance with more than 45,000 employees in 29 countries and economies around the world, our dedication to putting others first extends beyond our organization. We’re also committed to being a force for social and environmental good, and championing sustainability and Diversity & Inclusion initiatives around the world. Whether you’re helping our customers navigate an important claim or developing a new environmentally friendly product, you can feel good about the work you do at Liberty Mutual.

We’ve spent more than 100 years creating innovative insurance products, services, ideas and technologies to meet the world’s ever-changing needs—breaking away from old mindsets and thinking outside of traditional insurance roles. Why? Because we’re committed to transforming our industry in order to create peace of mind for our customers. We hope you’ll join us.

**Actuarial Development Program**

- Consists of three, 18-month rotations through actuarial functions in both personal and commercial lines, including reserving, pricing, modeling and analytics.
- Passing of 1 Actuarial exam is required.
- Participants benefit from an extensive rotational program, training, mentoring and exam resources, including paid study time, study materials, exam preparation seminars and on-site exams.

**Actuarial Internship Program**

- Consists of a 10-12 week summer program, which aims to be a condensed version of the full-time rotational Actuarial Development Program.
- Interns are aligned with mentors, participate in trainings regarding the Actuarial function, technical and insurance trainings, and also have access to highly sought-after networking opportunities across our global organization.
Office Location(s): Seattle, WA; Plano, TX; Chicago, IL; New York City, NY; Boston, MA (global headquarters)

Annual Recruiting Schedule: Applications are open now for our 2023 Actuarial Development Program and 2023 Actuarial Internship Program. We aim to complete our recruiting and fill our open roles during the fall semester whenever possible. Visit lmi.co/undergraduate to explore our internship and full-time entry level Actuarial roles.

Hiring For: Summer Internship

At Farmers Insurance, our employees set the tone, drive our strategy, dream of the future, and create world class customer experiences. Our employees also help make Farmers one of the largest insurers of vehicles, homes and small businesses in the United States. We’re continually looking for new people to join our team. If you're a proactive self-starter who wants to work on innovative, meaningful projects that make positive impacts on customers and communities, take a look at what working at Farmers could mean for you. Then, find the job that fits your career ambitions and apply. We have many corporate opportunities including summer internships to full-time roles within the Actuarial unit and we have embraced the virtual environment workplace and has been certified as a Great Place to Work! Inclusion at Farmers Every Person, Every Perspective, Every Day Farmers® is transforming from a legacy leader in the insurance industry into an agile, bold "mover and shaker" that’s setting a standard for itself and the industry. In order to achieve the breakthrough performance necessary to achieve this, we need a level of innovation and engagement that is only possible through inclusion. Inclusion is the power of belonging. The foundation of our culture is inclusion – not only as Farmers being a place where generations of families have chosen to work, but also being an award-winning military-friendly place to work and our sponsorship of thriving employee resource groups, including the Women's Inclusion Network, LGBT & Allies, Veterans & Advocates, Farmers Linguistic Assistance Group, Black Professional Alliance, Disability Inclusion Group, FarmersFuture and FarmersFit. Check out our "This is Farmers" video to learn more about our culture: https://youtu.be/V0jax0myvkg Our culture supports employees in bringing their whole selves to work. We celebrate differences of thought, experience and identity that make us unique. As a result, we are able to better execute on our goals because our differences help us better attract and retain employees, connect with customers and increase our ability to innovate.
If you are interested in an Internship at Farmers – please take a look at this link: [https://www.farmers.com/careers/internships/](https://www.farmers.com/careers/internships/).

Annual Recruiting Schedule: We have positions opening constantly throughout the year. We currently have an Actuarial Intern posted and here is the link for students to apply: [https://jobs.farmersinsurance.com/job-invite/15325/](https://jobs.farmersinsurance.com/job-invite/15325/)

Location(s): All of our Actuarial positions (FCAS level down to Actuarial Intern) are virtual and just need to reside in the U.S. We set them up with their laptops, monitors, phone headsets, etc.

We have positions open on [www.farmers.com/careers/corporate](https://www.farmers.com/careers/corporate) where candidates can find internships, entry-level roles as well as roles that require more experience.

For more than 80 years, Blue Shield of California has been dedicated to transforming health care by making it more accessible, cost-effective, and customer-centric. We are a not-for-profit health plan with 7,500 employees, $21 billion in annual revenue, and 4.5 million members, and we are proud to have invested over $120 million in California communities over the last 3 years through the Blue Shield of California Foundation.

As health care continues to evolve, we're looking for people who are passionate about bringing meaningful change. We want you to help transform our industry and achieve our mission to ensure that Californians have access to high-quality health care at an affordable price.

If you're interested in learning more about our mission and values, please visit [https://www.blueshieldca.com/about/corporate-info/mission-values](https://www.blueshieldca.com/about/corporate-info/mission-values).

We offer a comprehensive 10-week summer internship program as well as entry-level roles. Recruiting begins now, and students are encouraged to apply on our career site at [www.blueshieldca.com/careers](https://www.blueshieldca.com/careers).

Blue Shield employees can be found all across California working in both hybrid and remote roles. Our corporate headquarters are located in Oakland, but we have several offices spread throughout the state, from San Diego and Los Angeles up to Oakland and Sacramento.
Our applications opened in August and will remain open until all openings are filled. We are targeting to fill open positions by the end of this calendar year (2022). The offices we represent are Concord, CA (represented by us); Atlanta, GA; Hartford, CT; Blue Bell, PA; Overland Park, KS; Falls Church, VA; and Chicago, IL.

Actuarial Internship Program

What is the Actuarial Internship Program
Our Actuarial Internship Program is a nationally recognized experience; it’s also a great way to gain confidence, sharpen your skills, and make a difference. You’ll gain valuable work experience, participate in projects that contribute to the success of our business, contribute to community service initiatives, and engage in mentorship & networking opportunities, including interactions with senior leaders.

What to Expect
- An opportunity to attend weekly learning and speaker series.
- A variety of different departments that Interns may be placed in:
  - Local Market Actuarial
  - Rate Review & Rate Filing
  - Predictive Analytics
  - Medical Economics Unit
  - Dental & Vision
- Participation in actuarial forums, which cover topics in health insurance, actuarial concepts, and leadership.
- Fun events like networking bingo, trivia, scavenger hunts, and more!
- Excel challenges and logic puzzles that simultaneously build technical skills and critical thinking.

Why Aetna
- Flexible work arrangements to support a healthy work-life balance.
- We provide return offers to approximately 90% of our interns.
- Paid company holidays and paid community service days.
- Wellness programs & facilities that promote mental & physical health.

Testimonials
- "This internship completely exceeded my expectations. At the beginning of the summer, I simply wanted to gain experience in the healthcare industry. However, I quickly realized that this internship would offer so much more than that. The Speaker Series, networking opportunities, and other intern events helped me grow as a leader by learning from actuaries in a variety of positions. I am grateful for the time I have spent with Aetna this summer."
  -- Rachel Zablocky, Rising Junior
- "Throughout the summer, I’ve really enjoyed the interactions I’ve had with my coworkers. As an intern, it is easy to feel like you are wasting somebody’s time by setting up a chat with them, but nobody at Aetna, from [Leadership] to new hires, ever made me feel that way. The Intern Committee has done a great job at facilitating interactions, and I was happy to meet so many social and engaging colleagues. All of these interactions have been amazing and have really made the summer fun!"
  -- Jake Wagner, Rising Senior

At Aetna, a CVS Health Company, we are united in a common purpose: bringing our heart to every moment of your health. We are working to transform health care through innovations that make quality care more accessible, easier to use, less expensive and patient-focused.
What is the Actuarial Student Exam Program?

The Actuarial Student Exam Program is designed to support actuarial talent in support of their credentials and ensure exam progression and career development are fostered in tandem to create the next generation of risk-assessing leaders at Aetna, a CVS Health Company. The broader student exam program is comprised of two sub-programs, the Actuarial Leadership Development Program (ALDP), which consists of four 18-24 month customized rotations, and the Actuarial Exam Reimbursement Assistance Arrangement (AERAA), which consists of self-paced rotations.

What to Expect From Our Program

- 120+ paid study hours, materials, and actuarial exam fees with competitive raises for exam passes
- An opportunity to rotate to a variety of different departments:
  - Local/Market Actuarial
  - Rate Review & Rate Filing
  - Predictive Analytics
  - Medical Economics Unit
  - Dental & Vision
  - Medicaid
  - Medicare
  - Student Health
  - International Health
  - And so much more...
- Leadership development opportunities
- Networking and mentor support
- Involvement in committees supporting the program and the broader actuarial community
- Paid Society of Actuaries membership and annual meetings fees

Additional Opportunities in the ALDP

- Four challenging 18-to-24-month departmental rotations with supervisory opportunities
- Customized rotations and career development plans designed by you and our actuarial leaders
- Frequent networking opportunities and exposure to senior leaders
- Internal actuarial forums

ALDP Testimonials

"As an ALDP, I’ve been afforded tremendous opportunities on highly-visible projects, collaborating with leadership and both internal and external partners. The rotational opportunities I’ve had have catalyzed my professional development and business acumen. My managers, colleagues, and the ALDP have offered me so much support as I pursue my actuarial credentials and begin my career as a health actuary with Aetna."  
- Morgan Zuidema, ASA, ALDP '17

"The ALDP gave me the necessary support to assume a role as an actuarial leader within Aetna. The ALDP’s rotational program helped me develop a broad actuarial skillset while strengthening my business acumen and technical proficiency. Exam support allowed me to pursue and achieve my FSA while balancing day-to-day work. Program-specific trainings, career advisories, and dedicated ALDP managers fostered soft skills and leadership development helping me to assume a role in management."
- Matt Billias, FSA, Actuarial Lead Director
Additional Opportunities in AERAA

- Opportunity to rotate to various departments at your own pace
- Career development plans designed by you and our actuarial leaders
- Internal actuarial forums

Why Aetna

- Student loan and tuition assistance programs
- 401(k) plan, including matching a portion of your contributions
- Flexible work arrangements to support a healthy work-life balance
- Paid time off, company holidays, floating holidays, and paid community service days
- Wellness programs and facilities that promote mental and physical health

Scan Here to Apply to the ALDP  Scan Here to Apply to AERAA

AERAA Testimonials

As a mentor of AERAA, I have had the amazing opportunity to navigate my own career at my own pace. My pathway to leadership has involved access to passionate mentors, frequent trainings on actuarial principles, soft and technical skills, as well as the ability to become the subject matter expert on my team. My managers, mentors, and colleagues have offered me tremendous support and guidance as I've navigated my career as a health actuary at Aetna.

- Ismail Fredericks, ASA, Actuarial Manager

“The AERAA program has offered me so much support as I pursued my actuarial credentials, since all of my supervisors have paid extensive attention to ensure that everyone on their team gets to take advantage of the study hours afforded to them. Additionally, there are always wide-ranging openings on different teams. Which is great because when you’re ready to discover new opportunities, you always get to have full control of where you land, when you land, and how long you stay for.”

- Yuseh “James” L. ISA, Sr. Actuarial Analyst

At Aetna, a CVS Health Company, we are united in a common purpose: bringing our heart to everyday moment of your health. We are working to transform health care through innovations that make quality care more accessible, easier to use, less expensive and patient-focused.
