Your Earned Level (EL) helps Adapt provide you with questions at the correct level of difficulty for you, so that practice exams and questions are not too difficult or too easy.

Raise your EL by passing a practice exam with greater than 70% accuracy. Score less than 50% and your EL goes down. Your EL determines the difficulty of your next practice exam.

Our surveyed users who reach an EL of 7 or higher have a pass rate of 90% or above.
