LECTURE NOTES IN LOGIC

This series is now exclusively available from the Association for Symbolic Logic. The ASL is committed to continuing this series and to keeping all books in the series in print.

As a service to the logic community, the existing stock of books in the series (previously published in cooperation with Springer-Verlag) is being made available at a price that covers only the costs of shipping, administration, handling, and postage. This price will apply as long as the existing stock lasts. The charge for each book is $20.00 (the discounted price for individual ASL members is $15.00); it covers all shipping and handling costs. Payment should be by Visa or MasterCard credit card or by check in US dollars. Orders should be sent to: ASL Business Office, 1409 West Green Street, Urbana, Illinois 61801 USA; email: asl@math.uiuc.edu. Shipment will be by ordinary mail (surface mail to overseas addresses). All books are softcover.
