- Cecilia was extremely helpful and always provided very clear explanations for questions/ concerns I had. During both the discussions and office hours, she always made sure to explain problems in a step by step process, which made it quite simple to understand some difficult concepts in this course. All in all, she was a great teacher whom I was able to learn a lot from!

- Discussion sections are really helpful.

- Great lecturer and extremely helpful during office hours and through email.

- Really good TA

- She is a super great ta! I have learned a ton from her!

- This TA was very helpful during discussion section, as well as during office hours!
