<b>Student 1</b>	Applied partial differential equations	Jeremy Wu	Strongly agree	Strongly agree	Strongly agree	The two of them were really great and approachable. They both took time to thoroughly answer any questions sent to them and encourage discussion. The only comment I have is that they could ask more of students (they were too nice to us). Obviously with online classes this is more difficult, but requesting that people turn on their cameras or asking individuals questions seem like reasonable things for them to ask of us and would create a 'more normal' feeling environment. Other than that, I thoroughly enjoyed the course and their classes.
