- Ben has been immensely helpful for providing hints and techniques for solving problems, especially complex analysis has tricky applications in computing stuff.
  - Ben is great! Very clear and knowledgeable and super helpful in office hours.
  - Great TA. Very dedicated to teaching. He always gives us great discussion which I heavily relied on. His discussions are even clearer than the lectures. His worksheet has a full detailed solution and his notes are very helpful. Maybe one thing worth mentioning is he probably doesn't check the school email often (I don't either).
  - TA Ben is very knowledgeable about the course's content. Their discussion sections are very informative and helpful.
  - TA is nice. But I hope he can give more hints to the homework in his office hours.
  - nice TA
