

To: Math 1 Students, Fall 2011
From : Mrs. Paige Greene (www.math.ucla.edu/~paige)

I require *WileyPLUS!* For Math 1

WileyPLUS is an online site where you have access to your entire Math 1 text book. Do you always have your netbook with you or your Ipad or even your Smart phone? If you do and like the idea of an electronic book then all you need to do is read these directions and set yourself up. You can access...

- + **The complete online textbook!**
- + **Extra study aids!**
- + **Online homework!**
- + **And much, much more...**

Get Help—and Instant Feedback on your Assignments:

- You will get immediate feedback and scoring on any assignment you complete. Some questions will contain links to hints, solutions, or the relevant section of the online book.

Track your Own Progress:

- Any work that you submitted will be recorded in a personal grade book, allowing you to track your progress and grades.

You will need a registration code to access *WileyPLUS*:

- If you want a physical textbook, go to the UCLA bookstore and buy Axler: Prelude to Calculus and you will get an access code in your book which gives you the entire Wiley Plus material. There is a 3 whole punched version of the book which allows to you to carry in your binder only the sections you need. Or you can buy a paper back bound text. Do not buy both.
- If you prefer to only use the online version of your text, then you go online and buy your access code --- it is actually a bit cheaper to do it this way. (www.wileyplus.com/buy)
- Once you purchase your WileyPLUS registration code, or you get one from the text book you have bought, you will need to register for *WileyPLUS* at your class section URL below. Bookmark this URL so you have it for future reference.
Once registered, you can access all of your course material at www.wileyplus.com

To get started, please use the WileyPLUS registration code to register in your Class Section. You will do this by going to the URL listed below: (*make sure you register in the correct Class Section URL!*)

If you are in lecture 1 at 8 am -----<http://edugen.wileyplus.com/edugen/class/cls227144/>
If you are in lecture 2 at 10 am -----<http://edugen.wileyplus.com/edugen/class/cls227145/>

Once you go to the URL, **click on "register" below the email box to start.**

This is a really nice way to earn points on homework and quizzes, you get more than one try all the time, and you know right away if it is right or wrong. Students I have had in the past were very willing to use the program and they reported it helped them a lot.
