- Best ever!
- Easily the nicest handwriting I've seen out of any TA. Was super helpful with homework and this class would've been a lot harder without him.
- Good TA. Pace is good.
- Great TA
- He is a great TA who is extremely helpful in supplementing the class and giving hints on homework. The discussion section could be a bit slower and more strongly aligned with the material taught during lecture, but overall great job.
- His handwriting is beautiful and this is the first math class I had where I found discussion to be helpful because Raymond does lots of examples and he shows us the solutions to the homework problems and exams.
- I didn't attend section most weeks so I can't say that I have much to say about the effectiveness of the TA in this class.
- moves a lil fast sometimes but great at providing explanations and clarity. thank you for your time and dedication to us this year!
